FORMAL OPENING OF A. & M. COLLEGE

Many Prominent Men Present at Opening Exercises This Morning in the College Chapel.

The formal opening of the forty-first annual session of the Texas Agricultural and Mechanical College was held this morning at 10 o'clock with appropriate exercises in the college chapel. Prominent men from all over Texas were present and the entire student body was present, which numbers for the opening this year 1,138 in the various departments.

Senator Carlos Bee of San Antonio was the principal speaker and delivered a very appropriate address along the line of the college student's responsibility and his obligation to the State of Texas for the splendid opportunity which it gives him for the higher education which fits him for after life. Senator Bee also brought out many other points that were inspiring to the cadets.

Other speakers were A. E. Dechard of Franklin, state senator from the 12th district, and Dr. Oscar Davis, representative from the 22nd district.

Major L. L. McInnis of this city delivered a very interesting address on

"The Early Days of the A. and M. College."

Mrs. Charles E. Friley, wife of Registrar Friley, conducted the music for the occasion.

President W. B. Bizzell at the close of the exercises made the announcements and introduced the new members of the faculty, having them appear before the student body on the platform.

Tonight has been designated as college night, at which time all of the student activities will be presented to the cadets. Colonel Jack Shelton of the cadet corps will preside at this meeting. College yells and songs and music by the band will enliven the occasion.

Tomorrow night the first year students will be the guests of the Y. M. C. A. at "Freshman Night" festivities. Refreshments will be served and stunts will be staged by the old men for the benefit of the new students. The exercises will be conducted in the Y. M. C. A. building under the general direction of D. H. Kiber, president, and Charles Firth, acting general secretary.

President Bizzell characterizes the beginning of this year as the best beginning the college has ever enjoyed. The enrollment undoubtedly will go to something like 1300 men before the year closes. Teachers and students are in splendid spirits and all are enthusiastic over the prospects for the coming year.

ARMED MEXICANS CROSS TO TEXAS

Retired to Mexican Side of Rio Grande When Their Presence Was Discovered.

(By Associated Press.) Washington, D. C., Sept. 29.—General Funston advised the war department today that a band of thirty armed Mexicans crossed the border yesterday near Ysleta, but retreated across the Rio Grande without firing when their presence was discovered. The Mexicans belonged to the command of Colonel Revel, a Carranza officer who, with others, assured General Bell the incident would not be repeated. One of the Mexicans left a Mauser carbine which has a gun sling marked "K Troop Cavalry." K Troop of the Tenth cavalry was the command attacked by Carranza troops at Carrizal.

BANKERS TALK OF RURAL CONDITIONS

Agricultural Development in United States Subject of Discussion at Kansas City Meeting.

(By Associated Press.) Kansas City, Mo., Sept. 29.—Agricultural development in the United States designed to inculcate ideas of crop diversification, road construction, county farm demonstration work and the upbuilding of rural communities were discussed at the annual convention of the American Bankers' Association today.

"Agricultural development means not only more profits for the farmer, but for the banker and the business man," said B. F. Harris, chairman of the association's agricultural committee. "It means also the arousing and inspiring of a militant citizenship," he added.

The report of the committee, made by Joseph Hirsch of Corpus Christi, Texas, outlined the work being done in practically every state of the Union.

The association is expected to elect P. F. Goebel of Kansas City as president to succeed James K. Lynch of San Francisco. The session is expected to end after the adoption of numerous resolutions, choice of the next meeting place and hearing an address by Paul M. Warburg of the Federal Reserve Board.

THREW LIGHTED LAMP AT WOMAN

Clothes Were Set on Fire and Woman Burned to Death—Thrower Placed Under Arrest.

(By Associated Press.) St. Louis, Mo., Sept. 29.—Mrs. Carrie Peterson, aged 26, a widow, died from burns received last night when her clothing was set on fire. Philip Bangert, a boarder, was arrested. Wednesday the woman obtained a license to marry Fred Mathieu. When the police reported to the fire alarm at the home of Mrs. Peterson, they found the woman enveloped in flames and Bangert trying to extinguish the blaze. Mrs. Peterson said she poured kerosene on her clothing and touched a match, but her 8-year-old daughter told the police Bangert threw a lighted lamp at her mother.

Sure Enough. "The word 'reviver' spells the same backward or forward." It was the frivolous man who spoke. "Can you think of another?" The serious man scowled up from his newspaper. "Tut-tut!" he cried contemptuously.

OWNERS INSIST BREMEN LANDED

Germany Awaiting News of Docking of Submarine at New London. Deutschland to Again Sail.

(By Associated Press.) Berlin, Sept. 29.—News of the actual docking of the submarine Bremen at New London is still lacking, but the owners and the public generally assume that the telegram announcing the departure of a conveying tug from the American port will be immediately followed by the announcement that the voyage of the merchant submarine has been successfully completed.

The Bremen took much longer on her voyage than was calculated would be necessary, and though the owners successfully concealed any appearance of apprehension, they have been waiting over a week anxiously for news. Director Heineken of the Deutsche-Ozean-Rhederei, owners of the Bremen, said that he assumed the submarine had been delayed by the heavy storms in the North Atlantic. The Deutschland is expected to leave for the United States shortly after the arrival of the Bremen at New London.

London, Sept. 29.—The Amsterdam correspondent of the Exchange Telegraph says travelers who have arrived from Bremen report that a third German commercial submarine will be ready to sail within a month. This submarine, to be known as the Kaiser, is said to be slightly larger than the Deutschland.
